THE COLLEGE CALENDAR FOR 1931-1932

First Semester

1931

Sept. 9 to 11, Registration:

Sept. 9, Wednesday, 10:30 a. m.—Orientation program.

Sept. 10, Thursday, 8:10 a. m.—Registration.

Sept. 11, Friday—8:10 a. m.—Opening chapel service.

Sept. 11, Friday—First meeting of classes.

Sept. 12, Saturday, 2:30 p. m.—Faculty reception.

Sept. 12, Saturday, 8:00 p. m.—Y. M. C. A. and Y. W. C. A. receptions.

Nov. 26, Thursday—Thanksgiving Day.

Dec. 17, Thursday, 3:00 p. m.—Christmas holidays begin.

1932

Jan. 2, Saturday, 8:10 a. m.—Class work resumed.

Jan. 19, Tuesday—First semester examinations begin.

Jan. 26, Tuesday—First semester ends.

Second Semester

Jan. 27, Wednesday, 8:10 a. m.—Second semester begins.

Feb. 2, Tuesday, 8:10 a. m.—February meetings begin.

May 25, Wednesday—Second semester examinations begin.

June 1, Wednesday—Second semester examinations end.

(Commencement Week)

May 28, Saturday, 8:00 p. m.—Graduation exercises of the Expression Department.

May 29, Sabbath, 10:30 a. m.—Baccalaureate service.

May 29, Sabbath, 7:00 p. m.—Commencement week vesper service.

May 30, Monday—8:00 p. m.—Graduation exercises of the Music Department.

May 31, Tuesday, 8:00 p. m.—Senior class play.

June 1, Wednesday, 3:30 p. m.—Senior class-day exercises.

June 1, Wednesday, 6:30 p. m.—Annual meeting and banquet of the Alumni Association.

June 2, Thursday, 8:30 a. m.—Meeting of the Directors.

June 2, Thursday, 10:00 a. m.—Commencement.

FOREWORD

This book is published for the new student of Maryville College. Its purpose is to act as a guide to the many activities, places, and customs of Maryville. It is a handy reference in a compact form, and knowledge of its contents is invaluable.

The Y. M. C. A. and Y. W. C. A. send you this book, hoping that it will help you to adjust yourself to college life, and to be assured of the friendly feelings of everyone here, including

THE EDITOR.

BOOK I

WELCOME OF THE ADMINISTRATION

DR. RALPH WALDO LLOYD
President

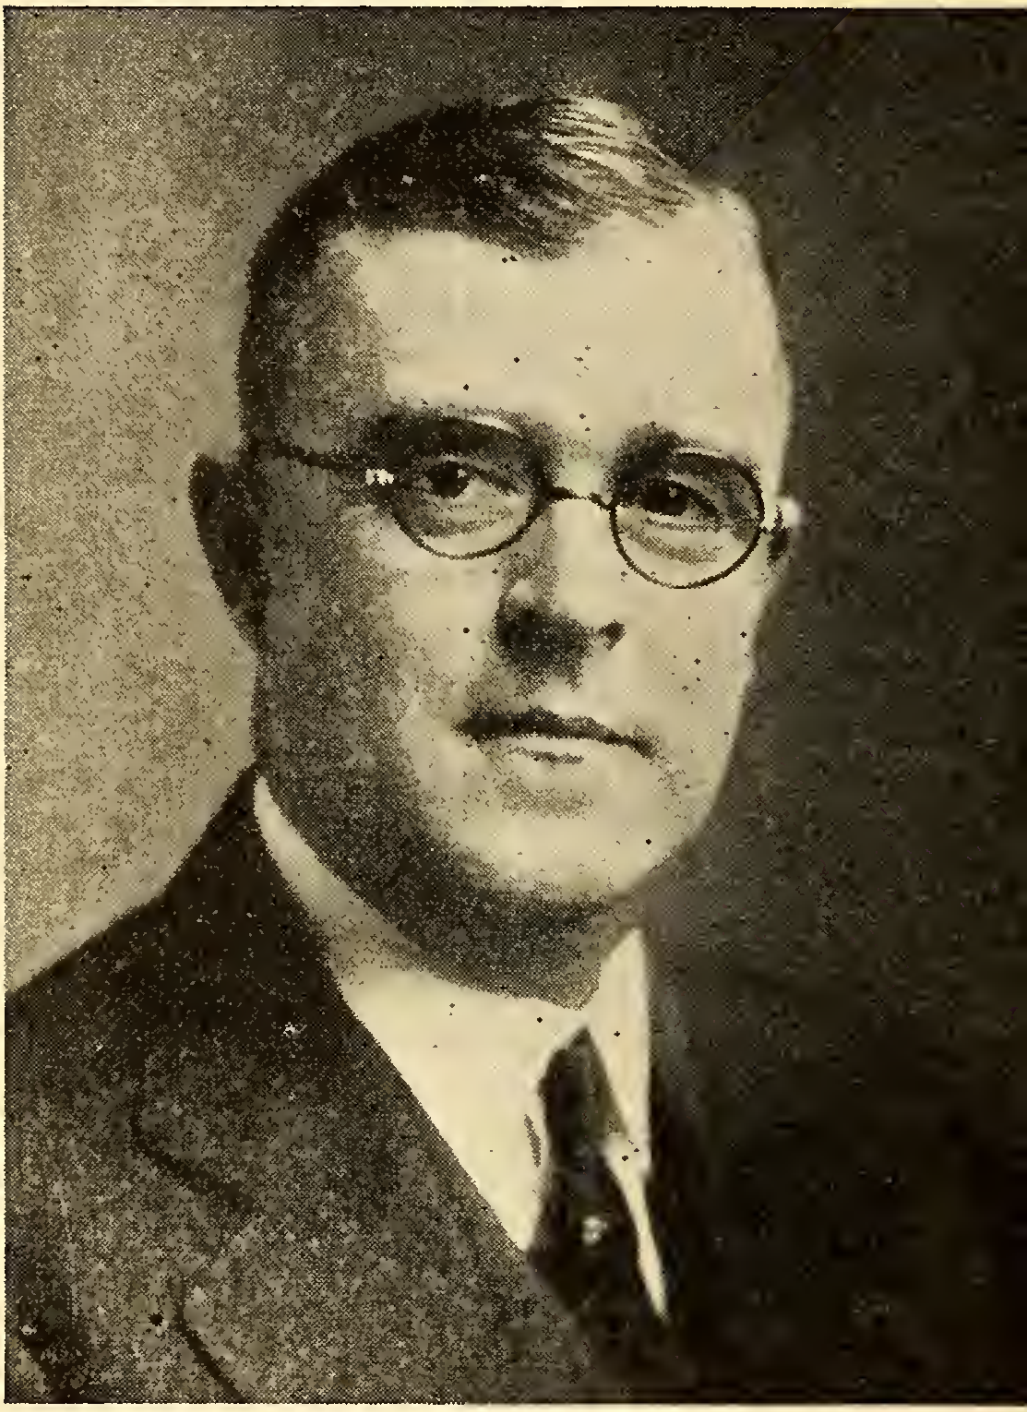
WELCOME FROM THE PRESIDENT OF THE COLLEGE

The opening of the Maryville College year is almost as new to me as to any Freshman. The last time I arrived on the Hill for that occasion was at the beginning of my senior year, seventeen years ago. But I well recall how hearty was the welcome given by the "Y's" to old and new students alike. I am glad to share in the experience again.

Whenever during the year a student looks at this little book I trust he may be assured of the good will of the College.

Those who come with earnest purpose, who find congenial friends of good character, who practise habits of industry and clean living, and enter into the spirit of the College—they will ever count the day of their coming a blessing.

RALPH WALDO LLOYD,
President of Maryville College.



DR. EDWIN R. HUNTER
Dean of the College

WELCOME FROM THE DEAN OF THE COLLEGE

DEAR NEWCOMERS:

Others are welcoming you to the religious, social, and general cultural privileges of Maryville College, to which we all give you the heartiest welcome. May I add a special welcome to the classroom and curricular offerings of Maryville?

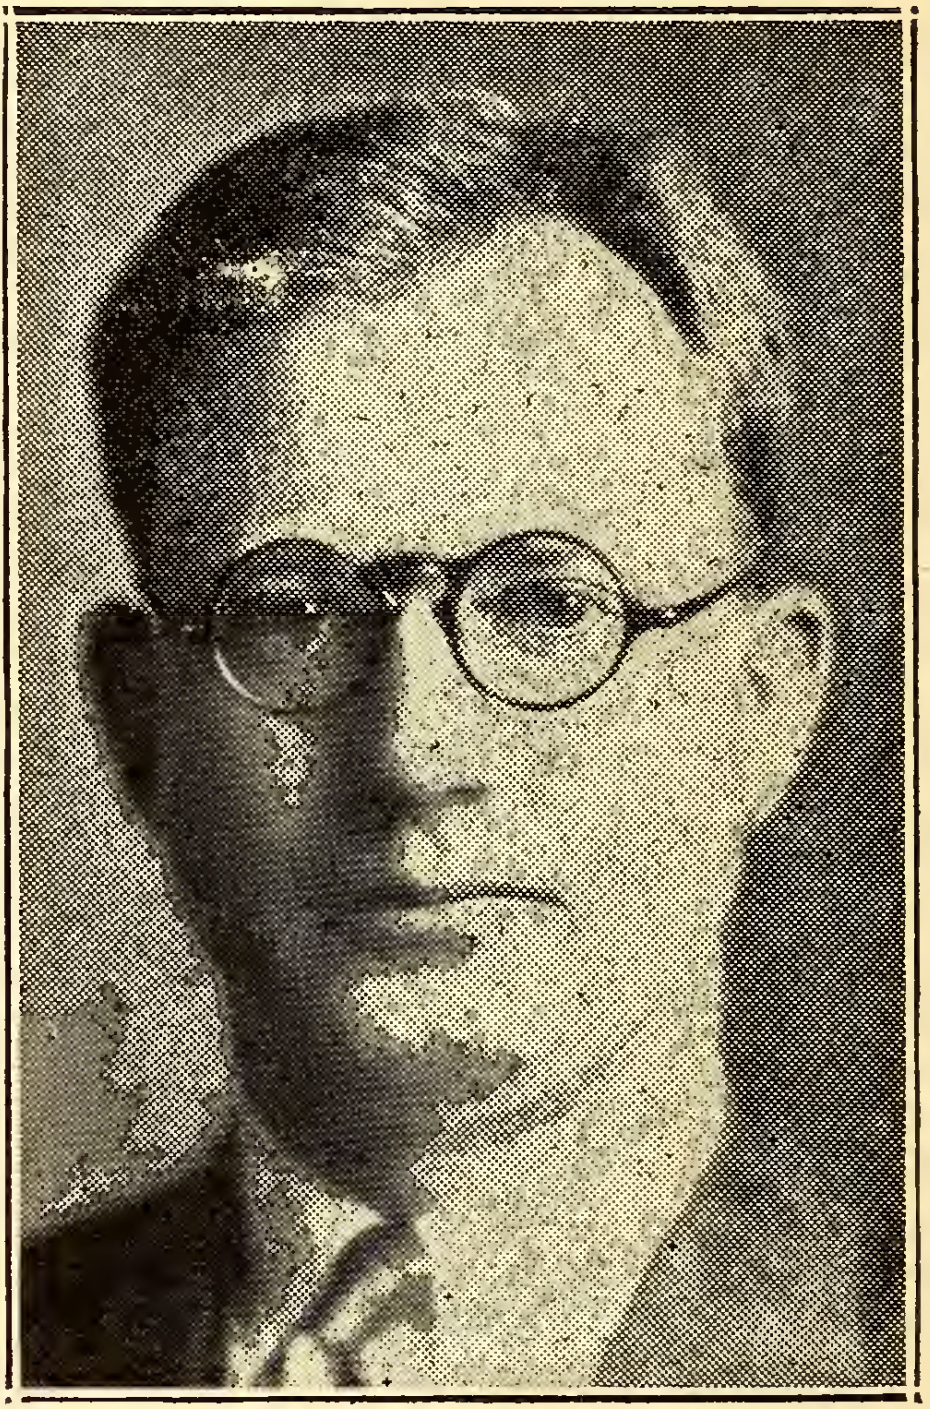
Maryville is a standard, A-grade college, fully accredited by the Association of Secondary Schools and Colleges of the Southern States, the regional accrediting agency. We think you newcomers have come to a good college; it is our plan that by the end of your four-year stay, it will be a decidedly better College. We shall, of course, be greatly indebted to you if that plan succeeds.

We want to help you in becoming adjusted to college ways. If you don't quite know what college is for, we'll be glad to try to help you to some answers. If you don't quite know how to plan your course, we'll be glad to give you all the help we can.

We'd like you to believe that the members of the faculty are kindly-disposed persons who are eager to know you and help you. We want you to look upon the classrooms as friendly places, and to look upon the activities carried on there as cooperative efforts at general helpfulness, and we hope you'll not be afraid to come to the Dean's office, which is not a torture chamber, but a clearing house for friendly counsel.

Very sincerely yours,

EDWIN R. HUNTER, Dean.



PROF. GEORGE D. HOWELL
Dean of Men

WELCOME FROM THE DEAN OF MEN

Welcome to Maryville College. In welcoming you, let me say that Maryville College offers you all its facilities to use. You are selecting Maryville College as your residence for the next nine months and we want you to feel at home and utilize all the College has to offer you.

Maryville College offers you a broad and liberal education, an understanding and appreciation of the cultural and scientific achievements of man, past and present. We try to inspire you with a love of truth and beauty, and prepare you to live in society more effectively for yourself and more helpfully for others. We desire you to conserve physical health, develop a higher moral character and religious life and so familiarize yourself with the general content, achievements and ideals of the several departments of knowledge that you may be well prepared to live consistently and uprightly before God and man. We trust that you will make friendships that will bless your life from among those with whom you live during your college sojourn, that those friendships may broaden your vision and enrich your memories.

Again, welcome to Maryville College.

GEORGE D. HOWELL,
Dean of Men.

MISS MARY ELLEN CALDWELL
Dean of Women

WELCOME FROM THE DEAN OF WOMEN

Some one has said: "To live in hearts we leave behind is not to die."

Of course, you will still be living in the hearts of those you have left behind when you come to college. It will be your privilege when you get to college to gain entrance in the hearts of many new friends who will make your life fuller and richer. In making these new contacts the college will meet you more than half way—to give you a welcome to all it has to offer you.

The first greeting you receive will probably be from some member of the Christian Associations, the Y. M. C. A. and the Y. W. C. A. Next, the large family in the dormitory will give you a warm welcome in their circles. In these circles you will be privileged to form some of the most intimate and lasting friendships of your life, for no friendships are stronger or finer than those formed in the intimate relationships of dormitory life.

You will be permitted also to enjoy all benefits to be derived from legalized MOONSHINE—the kind that only Maryville manufactures.

Last, but not least, you will be ushered into the atmosphere of that intangible, but none the less real, something we call the Maryville Spirit. This atmosphere is kept pure and wholesome through Love, Loyalty, and Unselfish Service to others. And if you should go through college without having imbibed this Maryville Spirit, you will have lost one of the finest things Maryville has to offer you. YOU ARE WELCOME.

MISS "MOLLY" CALDWELL,
Dean of Women.

WELCOME FROM THE COLLEGE PASTOR

I am grateful for the opportunity thus to welcome back to College Hill former students as well as to address a word of cordial greeting to those coming to us now for the first time. The purpose bringing both classes of students is the same, namely, self-improvement, growth, and preparedness for effective service in life. Maryville College is able to aid you in realizing your hopes, and is eager to do so. She has teachers and classes for the cultivation of your minds; she provides physical directors and athletic fields for the healthy exercise of your bodies; she supports a Y. M. C. A., a Y. W. C. A., and other religious organizations and services for the nurture and strengthening of your souls. No character is symmetrically developed that neglects any of these agencies for discipline and training, and all of them combined will be powerless to benefit you without your interested attention and personal cultivation.

It is my special duty to remind you of these things from time to time, but I aspire to be more than your preacher —I wish to be regarded as your personal friend, as one to whom you could feel you might go freely and confidentially for sympathy and advice in times of uncertainty and perplexity. So please remember that the "House in the Woods" is a place where you will be heartily welcomed at all times, and especially at such times when you may feel the need of a little friendly advice.

Cordially your friend,

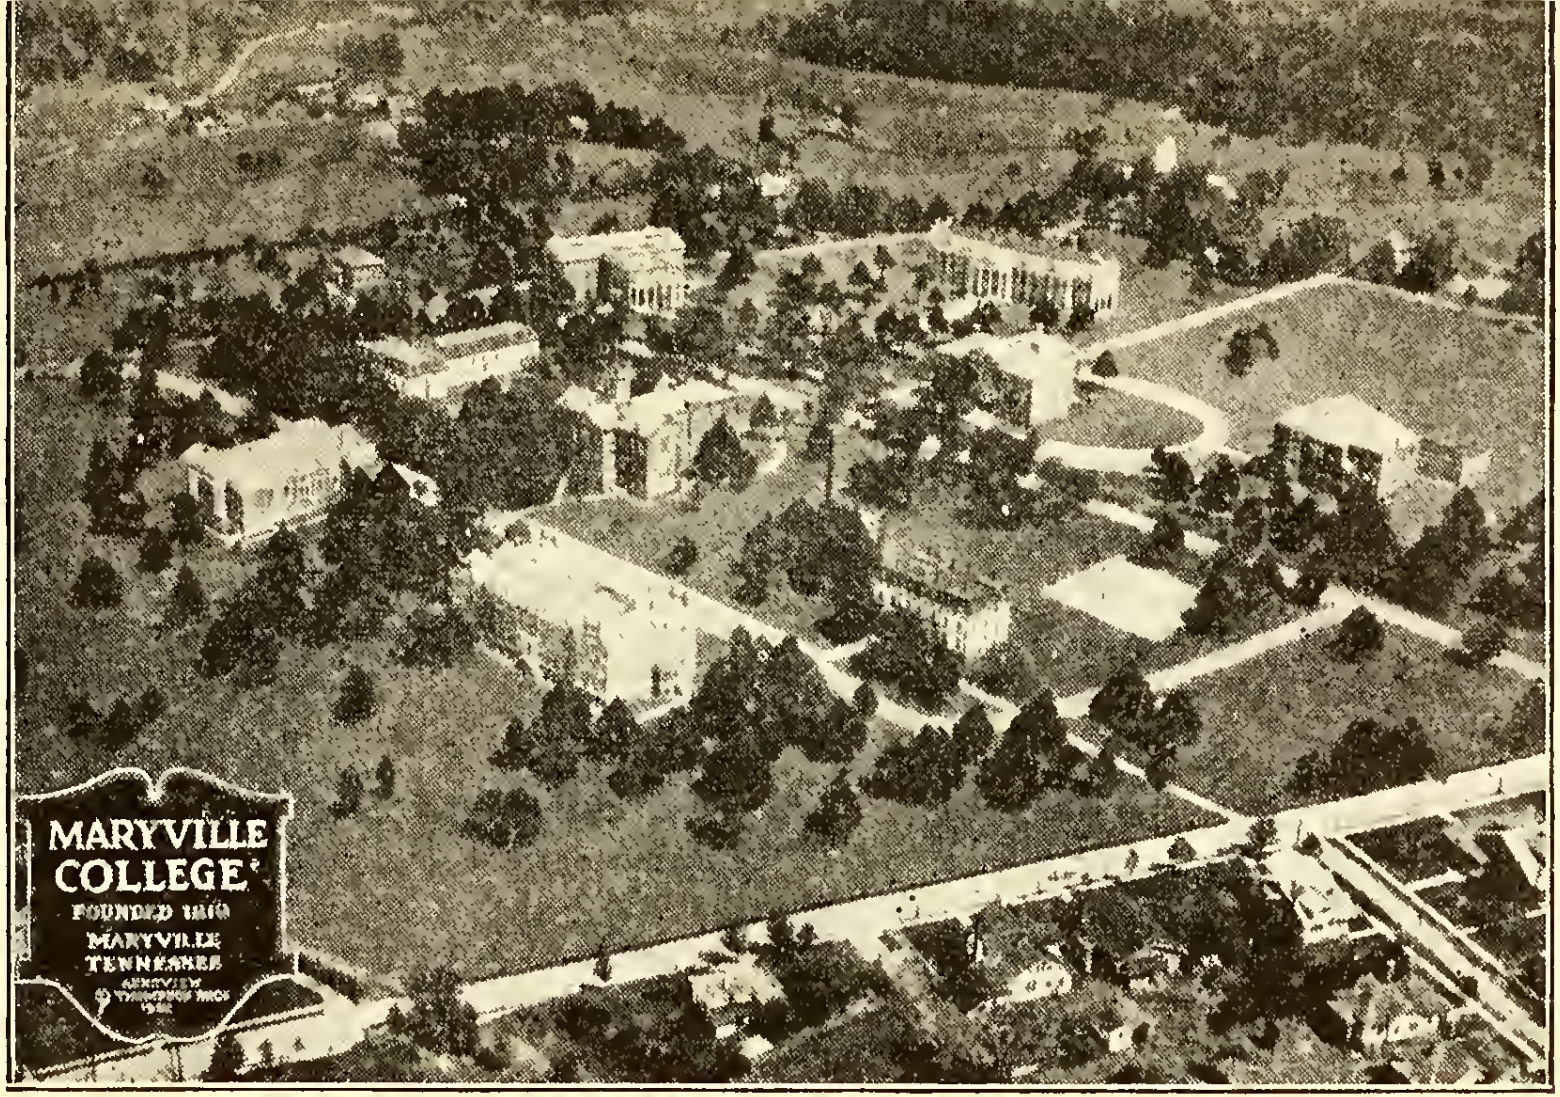
WILLIAM P. STEVENSON.

BOOK II

THE COLLEGE

THE OFFER OF THE COLLEGE

To be at home in all lands and ages; to count nature a familiar acquaintance and art an intimate friend; to gain a standard for the appreciation of other men's work and the criticism of your own; to carry in your pocket the keys of the world's library and feel its resources behind you in whatever task you undertake; to make hosts of friends among the men of your own age who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and cooperate with others for common ends; to learn manners from students who are gentlemen and form character under professors who are Christians—this is the offer of the college for the best four years of your life.



"HAIL TO THEE, OUR ALMA MATER"

HISTORICAL SKETCH

Maryville has grown from a class of five students who gathered about Dr. Isaac Anderson in 1819, to the foremost college in Tennessee, having an enrollment last year of 824 students from 35 different states and countries. Its growth has been phenomenal and the romance of its growth from a little log cabin to a completely equipped, modern up to date college has been chronicled by Dr. Wilson in his "Century of Maryville College," which you may read in the library.

Grounds, comprising 275 acres of the most beautiful scenery in East Tennessee, on which rest 19 buildings; and an endowment of $2,324,000 do not form a complete basis upon which to judge the college. Numbered among its alumni are men who have distinguished themselves in every type of unselfish service. Familiarize yourself with Maryville's entire history. You are a Maryvillian—a student in one of the finest colleges in the South.

LOCATION

Maryville College is located in Maryville, Blount County, Tennessee, and is in the midst of a thriving and progressive community. Maryville is sixteen miles south of Knoxville on the Knoxville and Augusta division of the Southern railway, and on the paved highway, Route No. 33, leading from Knoxville to the South, and the new Smoky Mountain National Park. Maryville may be reached from Knoxville by Southern Railway trains twice daily, and by busses leaving the Knoxville Bus Terminal on Gay street, every forty-five minutes throughout the day.

BUILDINGS

The nineteen buildings on the Hill are conveniently located from any spot on the campus, and a description is given here so that you will be able to recognize just where you are when you arrive next September. Walk with me up the "Corduroy," the path leading from town to the Hill.

Directly in front of us is the gray frame building, Baldwin Hall, one of the girls' dormitories. To the right is the Voorhees Chapel, the dark red brick building in which the daily morning worship is conducted, and where all kinds of entertainments are held. Looking down Dodge avenue from the Chapel is a large yellow brick building, Carnegie Hall, the men's dormitory; and across the street from Carnegie is Memorial Hall, a structure resembling Baldwin, which is also a dormitory for women.

In front of the Chapel is Anderson Hall, a red brick building, one of the three oldest buildings on the Hill. Here are located the new offices of President Lloyd, where sympathetic, understanding counsel is given to all who need it; Dean Hunter's office, where you go for friendly advice on more things than grades; Miss Clemmie's office, where you may find out about self-help; the treasurer's office, where you will pay your bills, and the registrar's office. The printing room is also located on the first floor. The rest of the building is devoted to classrooms, with the Art room and a small gymnasium for girls on the third floor.

As we walk out of Anderson past the fountain, in front of us is the Book Store, where desk and study equip-

ment (except brains) can be bought at reasonable prices. A branch of the United States Post Office is located in the Book Room. From here mail is delivered to the dormitories and offices. Mail should be addressed: College Station, Maryville, Tenessee; with the addition of the name of your dormitory and your room number. The Book Store supplies a loan library called the James R. Hills Library. In 1888 Miss Sarah B. Hills of New York contributed a fund for the establishment of a loan library to aid students in obtaining textbooks at a reasonable loan.

To the left of the Book Store, about half a square up the walk, is Pearsons Hall, the large red brick building with the white columns, another dormitory for women. Most upperclassmen room in Pearsons while Memorial and Baldwin accommodate the sophomores and freshmen. On the first floor of Pearsons is located the dining room where about six hundred of your classmates eat three times a day; and here's a hint: napkins are not provided so bring about half a dozen with your napkin holder.

Behind Pearsons Hall to the left is the Ralph Max Lamar Hospital. A free clinic is held three times a week and in cases of slight illnesses no charge is made for nursing. However, for an extended illness the patient pays $7 for room, food and laundry per week.

On leaving Pearsons Hall we shall go to Thaw Hall, the newest and largest building on the Hill. Just before reaching Thaw glance to the left and you will see the Willard Memorial where President Lloyd lives. This memorial was built through a generous

gift of Mrs. Jane F. Willard in memory of her husband.

In Thaw Hall is located the Lamar Memorial Library which contains over 30,000 books. The library is open twelve hours every day from Monday to Saturday. The museum is located in a room partitioned off the library to the left of the entrance. In this room are found collections of rare objects from Japan, Korea, and China; relics of the Indians who used to live in this region of Tennessee; antiquities from the Civil War; a model of our own college when it was known as "The Log College;" and many other interesting and valuable objects representative of the world around.

On the second floor are located the offices of the Dean Emeritus, classrooms, the Y. W. Auditorium and the Y. W. Reading Room. In the reading room are books of all types and magazines to suit every individual taste. The reading room is open throughout the day for the pleasure and the benefit of all girls who wish to take advantage of it.

We now leave Thaw and take a short cut over to Bartlett and the swimming pool, passing to the left of Fayerweather Science Hall in which are located the chemistry, physics, biology, zoology, and home economics laboratories and lecture rooms.

Bartlett Hall is one of the oldest Y. M. C. A. buildings in the South. It was completed in 1901, the brick being made by the students themselves under the leadership of Kin Takahashi, a Japanese student. In this building are contained the Y. M. C. A. Auditorium; Y Store, a small gymnasium, a room fit-

ted for playing several games, including ping-pong and pocket billiards; and rooms for the officers of the "Y." The game room has been brought into existence during the past year, and has proved very popular.

The swimming pool, where all the meets are held, is located in a separate building, to the left of Bartlett Hall. The pool itself is twenty-five by seventy-five feet. On school days women swim from 3 to 4 p. m.; men, from 4 to 5 p. m.

Behind Bartlett is the Alumni Gymnasium, one hundred ten feet square, equipped with a maple floor and collapsible bleachers.

As we walk out past the swimming pool, and into the college woods, we come to the "House in the Woods," where the college pastor and his wife, Dr. and Mrs. William P. Stevenson, live. It is a beautiful English style red brick house, where all students are cordially welcome at all times.

Students:—

Be sure to remember when figuring the amount of cash you will need to see you through college for the year, you should include the cost of the following:

Club Dues Class Dues

$4.00 for an Annual

These are necessities, not luxuries.

BOOK III

Y. M. C. A.

and

Y. W. C. A.

MESSAGE FROM THE PRESIDENT OF THE Y. M. C. A.

FELLOWS:

To every freshman and new student who is going to be with us this year we extend the right hand of Christian fellowship. I want you to know that the old men, and especially the "Y" men, are very much interested in you, and wish to do everything possible to make you feel at home when you come among us. So, in behalf of our association, I welcome you one and all.

I realize that you will have a host of perplexing problems arising after you reach the campus, and the Y. M. C. A. officers and cabinet will be only too glad to give you friendly advice or help you in any way possible. Do not hesitate at any time to come over to the Y. M. C. A. building for a chat, or stop any of the "Y" men on the campus as you seek information.

My earnest desire is that our Y. M C. A. will mean something to you from the first days you are on the campus until you are ready to leave. I feel sure that the friendships you form while on the campus will be of lasting value to you, and there is no better way to seek friends than through your "Y" activities. I hope that your stay at Maryville College will be a period of character enrichment, and that you may enter into a deeper and fuller fellowship in Christ Jesus.

In just a few days, fellows, we shall meet each other. Until then I shall be waiting expectantly.

Sincerely,

RALPH TEFFETELLER,
President "Y."

Y. M. C. A.

Short History of the Association

The Young Men's Christian Association, like all great organizations, had its origin in one man, Sir George Williams of London, England. He was a poor lad, who worked in a drapery establishment in the city of London, but who found time to speak a word for his Lord and Savior, Jesus Christ. Feeling the deep need for daily prayer and spiritual uplift, he called together a number of his companions, and each morning they held a prayer meeting in an upper room of that establishment. Their group kept growing and soon they had quite a following. From this group grew what is today known as the foremost organization for the carrying of the Gospel of Jesus Christ to young men throughout the world, the Young Men's Christian Association. Ever since that date, 1844, this Association has continued to grow, until today it encircles the globe; bringing together young men and boys into a brotherhood that keeps alive the spirit of Christ.

The Student Young Men's Christian Association, of which we are a part, is one of the many branches of this great organization, and it works for the uplift and welfare of the young men in colleges throughout the world. Its membership runs into the thousands, and other associations are being formed every year. Most associations have secretaries to head up the work, but the students of the colleges are the chief promoters and workers in the associations. They are student organizations, and it is the duty and privilege of every student to back them in the best way possible.

Purpose

The purpose of the Young Men's Christian Association is to develop the threefold man: spirit, mind, and body. And in its work on College Hill these phases of its program are stressed.

Scope of Work

The Y. M. C. A. of Maryville is a live and active organization. It seeks to serve the students at the college in every way possible not limiting its activities to strictly religious matters. We realize that if we accomplish the great aim of the Y. M. C. A. "a clean mind in a sound body," that we will have progressed a long way on the road to religious salvation. The cabinet of the Y is made up of the most congenial and most representative of the Maryville students. They are always glad to oblige you in any way they can. Don't get the idea that the Y is a stagnant, lifeless, inactive organization at Maryville, but a live, growing, healthy organization in whose activities you are urged to take part, enjoy and derive benefit from. Don't hesitate to call on the secretary when there is something you want to know. If there is something you want done ask him to do it. He is glad and willing to help you. The "Y" is yours. Get in the habit of taking part in its activities and in coming to its meetings—you will never regret it.

Christ is walking life's shores again!
Christ is choosing his fishermen,
With nets far spread for their hauling.
Christ looks in at the office door!
Christ is searching mill and store—
It's you! It's you, He's calling.

MESSAGE FROM THE PRESIDENT OF THE Y. W. C. A.

Perhaps the biggest question in your mind just now as the opening of school draws near, is this: "What is Maryville like?" And perhaps you are just a little bit troubled at the thought of coming to a strange place. Please don't be. Y. W. is anxious to have each one of you as a friend and helpmate and I want to take this opportunity to bid you welcome and tell you that we are counting the minutes until we can say, "Howdy, friend!"

"What is Maryville like?" Maryville carries out its name. It is a group which is merry. And we want you to come be merry with us. As you face this year, may it give you happiness, but also may it give you a deeper understanding of human nature, a broader conception of life, and a larger capacity for service.

MERLE BEEBE,
President of Y. W. C. A.

Y. W. C. A.

Activities

One of the strongest organizations on the Hill is the Young Women's Christian Association. It functions from the week end before school begins in the fall until the last day of school in the spring.

Before the freshmen arrive at Maryville, plans are being made by the Y. W. C. A. for making their life more pleasant, and to help them to get acquainted with their new environment. For this the big sister movement is carried out, whereby every new girl has an old girl as her "big sister," who corresponds with her during the summer, meets her at the train, helps her to get settled, and is a big sister to her in every way possible. In this way new girls will feel that they have a friend as soon as they arrive.

Perhaps the biggest feature of Y. W C. A. is the Sunday meetings. They begin the first Sunday afternoon and last all through the year. Programs are prepared which will give the girls opportunities for worship together and discussion of topics of interest.

Joint meetings with the Y. M. C. A. are held at various times during the year. There is always excellent cooperation between the two organizations and working together thus they are able to accomplish great things.

The Y. W. sponsors many activities among which are aiding the Y. M. in the Lyceum Programs, the May Day, Circus, Carols at Christmas and Easter. Nu Gamma Sigma, the orphanage and mission work. With all of these you cannot fail to realize the importance of the Y. W. C. A.

Nu Gamma Sigma

The Nu Gamma Sigma stands for New Girls Society and that is just what it is. All the new girls are divided into groups of ten with an old girl as leader. These groups meet once a week during the first few weeks of school. You see the purpose of Nu Gamma is to make the new girls acquainted with college life. You will find yourselves in a strange and new environment and naturally you will have problems and questions. In the meetings of these groups your problems will be discussed and a solution will be found.

You will form some beautiful friendships among the other new girls, as you hike together, chat together, and solve your problems. You will seem like sisters in one big family. The mother of the Nu Gamma Sigma is the Y. W. C. A., who is constantly planning new ways and means to make her daughters happy. This is the way we spell our name:

N-ewness in thought.
U-sefulness.
G-ood fellowship.
A-ction.
M-aternal love.
M-astery of problems.
A-ttractive ideas.

The Y. W. Reading Room

The Y. W. C. A. has set aside this room on the second floor of Thaw Hall where all girls may go at any time to read or rest or study. The room was redecorated last year, and the already comfortable atmosphere created by lounges, tables, magazines, and books was increased by the installation of a radio. Girls, this is your room; make the most of it.

Mrs. McMurray

TO THE WOMEN

What is it like at Maryville? What shall I take with me? These are just a few of the questions that are entering the minds of the prospective women students and it is to you that we are writing this message of what to bring and what to do.

To begin with, the dormitory rooms are furnished with a study table, two chairs, a dresser, a small table, and either a double decker or two single beds. These few things, plus curtains, dresser scarfs, pillows, bed spreads, blankets, sheets, pennants, pictures, and other similar necessities and novelties of your own bringing, will make up a very attractive room.

As for clothes, make most of them suitable for general school wear, because this kind of clothing is worn here more than any other style. However, you will want an evening dress for various social functions, and for the presentations, plays, Lyceum numbers, and recitals that are given in the Chapel throughout the year. Be sure to bring a swimming suit, and also a pair of knickers or riding breeches for hiking and other outdoor sports.

We have study hour every night but Saturday, and then, after literary society meetings, we have our feeds and other informalities, so don't forget to pack a few old dishes, spoons, knives, a can opener, and other utensils for domestic purposes.

There is a limit, naturally, upon the number of times that you may go to the show or to town, but as a rule these regulations don't bother Maryville girls, for if you are athletic, you

may swim or play tennis, or if you are more "serious-minded" there is the library of the Y. W. C. A. Reading Room. We want you to avoid lopsided development and to enter heartily into every phase of college life and activity. This is the simplest yet most effective treatment for any unbidden pang of loneliness or homesickness.

We hope you will feel always that there is waiting for you a kindly word from everyone on the campus. Inasmuch as we may not know just when there is the desire or a need, we trust you will never hesitate to take the initiative in any matter of advice or opinion.

With all the welcomes and greetings to you in this book different things are being offered to you. Perhaps one message, in a last paragraph, should ask something from you. You are coming to the college founded by a man whose guiding principle was to "do the greatest possible good on the largest possible scale." What this college, founded on that principle, will be after you leave it, depends upon what principles you will live by while here, for colleges, after all, are living things only inasmuch as the students who attend them are vitally alive. We ask you—we challenge you—to identify your lives with the needs of Maryville College. Do not be in haste to discard the ideals and standards which you bring with you to college, and above all, strive to follow the principles which inspired the lives of the Maryville pioneers, who were themselves followers of the Great Leader.

EACH IN HIS OWN TONGUE

A fire mist and a planet,
  A crystal and a cell,
A jelly-fish and a saurian,
  And caves where cave-men dwell;
Then a sense of law and beauty
  And a face turned from the clod—
Some call it Evolution,
  And others call it God.

A haze on the far horizon,
  The infinite, tender sky,
The ripe rich tint of the cornfields,
  And the wild geese sailing high—
And all over upland and lowland
  The charm of the golden-rod—
Some of us call it Autumn
  And others call it God.

Like tides on a crescent sea-beach
  When the moon is new and thin,
Into our hearts high yearnings
  Come welling and surging in—
Come from the mystic ocean,
  Whose rim no foot has trod,—
Some of us call it Longing,
  And others call it God.

A picket frozen on duty,
  A mother starved for her brood,
Socrates drinking the hemlock,
  And Jesus on the rood;
And millions who, humble and nameless,
  The straight, hard pathway plod,—
Some call it consecration,
  And others call it God.

—William Herbert Carruth.

BOOK IV

ACTIVITIES and PUBLICATIONS

ACTIVITIES

Let us call everything, outside of one's classroom work and studying, activities. Into what activities are you going to enter?

The essentials for engaging in an activity are: First, the wish and will; second, the ability. Therefore, the first question you will ask yourself after you have read about the various possibilities will be, "What do I want to do?"

After you have listed the things you would like to do, there comes the question, "Which of these am I able to do?" To be more definite let us consider, first, the previous training required, and the preparation you have had; and second, the amount of time required, and the amount you can spare.

Of course, a great deal of your information must be gained after your arrival. A true perspective of such a situation can not be gained very easily without personal contact. However, learn as much as you can before you reach Maryville.

There are two extremities. One may attempt to do everything, or attempt to do nothing. If one attempts to do everything, he will probably do everything, including his studies, very poorly. If one does nothing outside of his studies, he is missing more than he can realize.

Maryville is anxiously awaiting you, expecting you to carry on. In guiding the helm of that good ship, all your own, **My College Life,** remember to keep it out of both rapids and stagnant water, and to keep your compass true.

THE EDITOR.

OPENING SOCIAL EVENTS

The social life at Maryville is well provided for and no matter what your disposition is, there are occasions you will like. These opening entertainments will carry you over the time of newness and afford oportunity for getting acquainted with your fellow students and to get the first glimpse of the true Maryville spirit.

The Y. W. C. A. gives her reception in the Alumni Gymnasium on the first Saturday night you spend at Maryville. This year we are going to have—????!! Better come and find out.

The Y. M. C. A. entertains the new men at the same time on Saturday night with a well-planned, varied program which furnishes plenty of thrills. The reception is held out in the woods, in the dark of the moon, and light is supplied from the old stump which is sacrificed for the occasion. Don't forget: your first Saturday night at 8:00 o'clock.

In the afternoon on Saturday the Faculty of the College holds a reception to greet the newcomers and to renew acquaintances with old students. Take this opportunity to become acquainted with the faculty who are your friends as well as your instructors.

The literary societies hold their opening social entertainments soon after school opens. Each women's literary society holds an individual rush week and all new girls are cordially invited to attend these special programs. The men's societies, Athenian and Alpha Sigma, usually hold their receptions in their respective halls where the new men are introduced to a society program and a society "feed."

REGULAR SOCIAL ACTIVITIES

"As You Like It"

For many years Maryville has been searching, with a rather small degree of success, for a new sort of social device. The regular meetings and entertainments of the various societies were held as usual, but, as in the life of all schools, something else was needed.

As every one knows, it is easy to do away with a thing, but the real job comes in finding something to take its place. The Student Council faced this situation and met it squarely, with the new device, "As You Like It."

Once a month an evening of enjoyment is held in Thaw Hall. Each person spends half of the evening on the first floor and half on the secod. The Library on the first floor is converted into a large game room. Here you may play ping-pong, checkers, chess, rook, bunco, and other games. On the second floor is the Y. W. C. A. auditorium in which there is a small stage. In this room the main entertainment of the evening is enjoyed. Short movie reels are shown; vaudeville sketches are presented, and all enter into the hearty fellowship by singing popular songs, under able leadership. At the end of the program, the evening is perfectly ended with refreshments.

We hope that they will be "As You Like It," and if they aren't, we shall, with your help, try to make them that way.

Mountain Hikes

Two of the most enjoyable social events of the year are the fall and spring mountain hikes. Usually a train is chartered for the trip, and a whole day is spent in the Smoky Mountains, a few miles from the college. On the spring hike last year several trucks were hired and used for transportation. In this way the various groups could go to several points, taking their own choice, and not necessarily all going to the same place. It is probable that trucks will be used hereafter.

"Moonshining"

Moonshining in Maryville is not what it is at other places. This name is applied to the art of enjoying, or enduring, the company of a member of the opposite sex. Last year the rules were radically changed. The new system, the Honor Rank System for Girls, is complicated in detail, but in practice is very simple. It arranges the privileges according to the class of which the girl is a member, providing she is in good standing. The organization of the privileges was made upon ten bases: the Christian character of the College, the maturity of the college student, the positive standpoint, the treatment of the essential rather than the non-essential, the making of a few rules which will be enforced, the treatment of general conditions rather than isolated situations, the normal relationships between the sexes, avoiding nagging, the trusting of individuals and establishing rules which have a reasonable chance for enforcement.

Moonshining is a privilege, make the most of it.

JOINT ACTIVITIES OF Y. M. C. A. AND Y. W. C. A.

Lyceum

Each year as a part of the varied activities sponsored by the Ys, a program of four lyceum numbers is presented in the chapel. These numbers are chosen from the Redpath Chautauqua and the Bureau of Fine Arts, and are very entertaining to and well received by the students. The cost is included in your student's activity fee paid with your semester bills, so that you may enjoy all four numbers without having to worry about the admission.

This year we will have four numbers. They are evenly distributed throughout the year and are composed of the best entertainers, both musical and otherwise, that can be obtained. Be sure to get your ticket when you pay your bills.

Fred Hope Fund

Every spring we have a "Fred Hope Drive" for the purpose of supporting the work of Fred Hope, a former graduate of Maryville, who is in charge of a mission school in Africa. Every year the student body and faculty make voluntary contributions to the total of one thousand dollars or over for this worthy cause.

Sunday Meetings

Every Sunday afternoon throughout the year, the Y. M. C. A. and Y. W. C. A. have their devotional meetings. Usually these organizations meet separately, but at various times joint meetings are held. Members of both organizations help in conducting the

meetings. Interesting programs are presented, and, occasionally, discussion groups are conducted.

Blue Ridge

Each summer, after commencement, representatives from the college go to Blue Ridge, N. C., to attend the conference of all the southern college Y. M. C. A.s and Y. W. C. A.s. The time at this conference is spent in listening to addresses given by prominent leaders in America and foreign fields; in studying religious and social problems of the day, and in enjoying the recreation afforded by the conference accommodations.

Blue Ridge is located in one of the most beautiful parts of the Blue Ridge Mountains, sixteen miles east of Asheville, and has the finest conference grounds in the South. Next year we want a large delegation to represent Maryville, and perhaps there will be an opportunity for you to go.

Circus

The annual Y. W.-Y. M. Circus is held each spring, at which time regular circus acts, side shows, and other sidelights of a real circus are presented. A loving cup is given to the society presenting the best side-show. This is the second consecutive year in which Bainonian has won the cup, and according to the controlling regulations, this society now gains its permanent possession. Last year the Circus was just like Barnum's!—"Bigger and Better Than Ever!" It takes a great deal of work, but it is well worth while. Let's make it the "Biggest and Best" this year!

PUBLICATIONS

The Chilhowean

Have you seen last year's Chilhowean —the college annual? It is a handsome book, beautifully bound, containing individual pictures of most of the students. It is a pictorial study of the preceding year, published by the Junior Class, and is sold for $4.00. A copy is well worth having, both for the present and for the future. Margaret Melody is editor, and Andrew Newcomer is business manager for the 1932 edition.

The Highland Echo

The Highland Echo is the weekly publication of Maryville College. It is a four-page, six-column paper to which each student subscribes when he pays his bills. The Echo is conducted after the fashion of larger newspapers, carrying athletic reports, editorials, news items, and other articles of interest to the students. Through this publication the students are enabled to keep in touch with all the activities of the Hill. The editor-in-chief for the coming year is Weldon Hina, and the business manager is Alexander Jones.

The "M" Handbook

The "M" Handbook, usually called the "M" Book, is the little book you have in your hand. It is published by the Y. M. C. A. and Y. W. C. A. in an effort to help give the new student as much information as possible. The staff this year includes Donald Briggs, editor; Nathalia Wright, associate editor; Benjamin Groves, business manager.

STUDENT COUNCIL

The Student Council is organized for the purpose of furnishing a representative body of students, who, by virtue of their position and influence in student affairs, shall be able to express the sentiment of the student body. They cooperate with the Faculty in maintaining Maryville College ideals, and strive to put into execution such proposals as shall be for the best welfare of the school.

The Council is composed of eight seniors, six juniors, four sophomores and four freshmen. Any student may confer with his representative and present any matter which he thinks would be for the advancement of the student body.

The Student Council is not student government, but it seeks to summarize student opinion and to work with the Faculty in promoting desirable measures, and in preventing actions which are detrimental to the college.

A committee appointed by the President from the members of the council is the student part of the committee on selection for the **Highland Echo** staff.

A new standing organization, the Student-Faculty Committee, started its work last year. It meets in collaboration with a Faculty committee. In these meetings many problems are discussed, and both student and Faculty ideas on the same subject can be easily realized and understood. The committee makes for better understanding between the two groups.

LITERARY SOCIETIES

There are four literary societies on the Hill. The men's societies are the Athenian and Alpha Sigma. The women's are Bainonian and Theta Epsilon. Athenian and Bainonian are brother and sister societies, as are Alpha Sigma and Theta Epsilon.

The women's societies each have a rush week at the beginning of the year. At the end of this time each new woman decides which society she will join. The men's societies have their first meeting on the same night, and each throws a big feed at that time. Each new man usually visits both societies, and then joins the one of his choice.

Each of the societies meets in its respective hall on every Saturday evening. A short program of either, or both, literary and musical nature is enjoyed. Once each semester joint meetings are held, when brother and sister societies join for a good social time.

Every year each of the societies, with the help of its brother or sister society, presents a three or four-act play. A cup is presented by our Theta Alpha Phi Chapter for the best mid-winter, as it is called, of the year. Athenian won the cup this past year with "Shavings." Bainonian had won it the two years before. A society winning the cup three years in succession gains permanent possession.

There is a great deal of fellowship and fun within the societies and a fine spirit among them.

You just can't afford not to belong to a society. Come and join.

MUSICAL ORGANIZATIONS

The Maryville Glee Singers are well known throughout East Tennessee. Last year the club was composed of twenty voices. About thirty are picked at the first tryout early in the fall, and later, after some weeks of practice, a second tryout is held and twenty are retained. The Club presents an annual home concert and, last year, it broadcast from Knoxville. A member receives fine training in singing all types of music for men's chorus work. If you like to sing, don't neglect to try out. Robert Overly is president and Hubert Duncan is business manager for this year.

Women's Glee Club

The Women's Glee Club is a real institution on College Hill. Tryouts are held in the fall. The regular number of members is eighteen, since most of the music is in three-part harmony. Last year a most artistic home concert was presented. Besides the regular chorus numbers, there were solos, duets, trios and tableaux. The club also gave a program in Maryville, as well as a half-hour's entertainment over the Knoxville broadcasting station. New girls, we are hoping that a large number of you will try out. The officers for this year are: Ann Smartt, president, and Mildred Purviance, business manager.

Vesper Choir

The Vesper Choir, directed by Miss Frances Henry, is composed of forty-four of the best male and female voices in the College. The choir sings at the Vesper service every Sunday night, pre-

sents cantatas at Easter and Christmas time, and gives special programs on other occasions throughout the year.

Orchestra

The Maryville College orchestra was composed of twenty-four members last year, and is under the direction of Miss Mildred Butcher. Programs are given on frequent occasions, and last year the annual spring concert was supported by a newly organized college chorus.

Apart from the orchestra an eight-piece stringed ensemble is conducted, whose members usually belong also to the orchestra.

Band

The band is composed of the men of the college who can play band instruments, and is under the direction of Miss Mildred Butcher. This organization furnishes music for games and pep meetings. If you have been in your high school band or can play any kind of band instrument, Maryville will be glad to have you try out for her band.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha chapter of the National Honorary Forensic Fraternity Pi Kappa Delta. This organization proves a great inspiration for those interested in any phase of forensics and membership in it is a coveted honor.

Theta Alpha Phi

The Tennessee Delta chapter of the national honorary dramatic fraternity, Theta Alpha Phi, is located at Maryville, and is composed of the talented students in dramatics. After a student has met the rigid requirements for membership he is initiated into the fraternity, and becomes a permanent member. Seven new members were taken in this year.

Sigma Delta Psi

The Maryville chapter of Sigma Delta Psi, the national athletic fraternity, was established during the year 1930. Membership is open to all male students of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Such membership is earned through meeting the standard requirements of the various athletic tests in the presence of a responsible committee.

According to the constitution of Sigma Delta Psi, the object of the society shall be the encouragement of the moral, physical, and mental development and training among college students.

CLUBS

Writers' Workshop

The Writers' Workshop is composed of various faculty members, juniors, and seniors who are elected to membership on the basis of literary ability. Each member submits two papers a year for criticism, both adverse and constructive. Meetings are held every Wednesday in the Y. W. Reading Room. All the work is filed in the library, and can be read by anyone who desires to do so.

Chemistry Club

The Chemistry Club is composed of students who are taking more than one year of college chemistry. Papers and lectures are given on the chemical problems of the day by the students and professors of the department.

Pre-Medical Club

The Pre-Medical Club, composed of students who are preparing themselves to practice medicine, is organized for the purpose of better understanding the problems and interests of the medical profession. About twenty-five students belong to the organization.

Home Economics Club

The Home Economics Club is composed of the girls who are majoring in Home Economics. Meetings are held each week, and many interesting projects are carried on during the year.

Language Clubs

A French Club and a Spanish Club are organized for those students who are interested in learning more about these languages. Meetings are held twice a month, at which time French

or Spanish is spoken exclusively through the entire meeting. Plays are presented and interesting programs are given throughout the year.

Law Club

Say, fellows, are you interested in law? Well, then, come around to our meetings. The purpose of the Law Club is to help its members to familiarize themselves with the features of their contemplated life work, and to develop high moral standards in connection with their profession. The programs consist, for the most part, of mock trials, parliamentary drill, and lectures on various phases of law.

Ministerial Association

This association is composed of all men who are expecting to choose for their life work the Gospel Ministry. Its programs are made up only of that which is of the highest religious and literary value. Opportunities for personal work are numerous, either in the mission, jail or in the rural district churches. The association invites all who expect to enter the ministry to join hands in a better understanding of the Gospel.

Student Volunteer Band

The College has, from its earliest history, been identified with foreign missions, and has sent out one hundred and ten missionaries into seventeen foreign countries. Since 1894, the students have maintained a Student Volunteer Band, composed of those who are pledged to enter some foreign field, if the way be open. The Band meets every Monday at 4:45 in the Y. W.

Auditorium to study missionary fields and conditions.

Art Club

The Art Club is composed of about fifteen members of the college who are talented in different phases of art. Work is carried on throughout the year, and during the week of Commencement an exhibit of the work accomplished during that year is held in Anderson Hall.

State Clubs

We have thirty different states represented at Maryville, so naturally the students from the "home state" should group together and form state clubs. The primary purpose of those clubs is the furthering of good spirit and friendship of those who are from the same section of the United States.

Hi-Trail Club

To become a member of this club one must have at least one hundred miles of hiking experience, and then must be unanimously elected by the members.

BOOK V

ATHLETICS

ATHLETICS

Maryville is represented by teams in every major college sport, and ranks with the best in this section of the country. The administrative control of athletics is centered in the Athletic Association.

With L. S. Honaker and "Bob" Thrower as coaches of Maryville athletics, and hard-fighting teams composed of loyal men, it is no wonder that the Athletic Association has made such a stride forward during the last two years. A new day has dawned for Maryville in athletics because she has two live coaches, plenty of good material, added equipment, and a splendid field.

Football

Football at Maryville is an institution. Its purpose is not only to win games but to make men—winning men. Maryville has the reputation of having one of the best conditioned teams in this section, and the past football season was a success from the standpoint of games won and lost, as well as from that of training men successfully.

This year the team had a very heavy schedule, playing Mars Hill, Univ. of Tennessee, Tennessee Wesleyan, University of Kentucky, Emory-Henry, Carson Newman, Milligan, and Lenoir Rhyne. Coach Honaker has a good right to have high hopes for this year. He will have some fine material.

1931-1932 FOOTBALL SCHEDULE

OPPONENT	DATE	PLACE	SCORE WE	SCORE THEY
Lincoln Memorial	Sept. 18	Here		
Tennessee	Sept. 26	Knoxville		
Kentucky	Oct. 3	Lexington		
Union	Oct. 9	Here		
Tennessee Wesleyan ..	Oct. 16	Here		
Howard	Oct. 23	Here		
Milligan	Oct. 31	Johnson City		
Appalachian Teachers .	Nov. 6	Here		
Lenoir-Rhyne	Nov. 13	Hickory		
Carson Newman	Nov. 21	Knoxville		

Basketball

Basketball at Maryville, as at other Southern colleges, is the leading winter sport. The season begins early in December and lasts until about the middle of March. During the past season Maryville won games from the best teams of the entire section. And with a number of letter men back for next year, around whom Coach Honaker will build his team, Maryville is expected to have one of the best teams in the history of the college.

Baseball

Maryville perhaps excels more in baseball than in any other sport. Although she does not encourage professional ball, yet there are some ten or twelve former Maryville baseball players in the major leagues. Among these are such men as John Stone and "Speedy" Ruble, of the Detroit Tigers. Freshmen, if you can play baseball come out and prove what you can do.

Track

Track and field sports are just beginning to take their rightful place in Southern college athletics and at Maryville there is a very noticeable incline in interest for this branch of sport. There is always a large group of cinder path artists who aspire to Maryville's winged honors and last season (this spring) a large number were awarded the winged "M." Track is really coming into its own at Maryville so just watch us show our heel to 'em next spring. If any of you fellows are good track men or think you are, look up Coach "Bob" Thrower.

MARYVILLE COLLEGE STANDING TRACK RECORDS

Mile Relay	3 min. 35 sec.	Morgan, Brown, Lorenz, Thompson, '29

Tennis

Although it is classified as a minor sport, tennis is very popular at Maryville. This past season our team rated as one of the best college teams in the South. They lost only one match on their schedule, which included the U. of Chattanooga, Howard, U. of Alabama, Birmingham Southern, Middle Tennessee Teachers, and Centre College. This year should be a banner year in tennis.

Wrestling

Wrestling has come to the front rapidly. Last year our team had four meets, and it boasted of having a Southern champion in its midst. Our mat men are raring to go, and ready to make new conquests.

"Y" Athletics

"Every man in some phase of the 'Y' athletic program," is the wish of the Y. M. C. A. And it is possible, for the "Y" athletic program covers every phase of sport: In the fall, the annual cross-country races and interclass football; in the spring, interclass baseball, interclass track meets, basketball, wrestling, boxing, tennis, and horseshoe tournaments. The gymnasium itself is equipped with mats, horses, parallel bars and other gymnastic apparatus.

The Y. M. C. A. interclass track meet held in the spring, is a feature of the entire athletic program. Bronze and gold medals are given to the winners in each event.

Get into some form of athletics and keep yourself fit. You will derive a great deal of pleasure from your athletic competition.

CONSTITUTION OF MARYVILLE COLLEGE ATHLETIC ASSOCIATION

ARTICLE VII

2. The football "M" shall be an eight-inch block "M," the basketball "M"

a. Members of the varsity football team who have played fifteen quarters. b. Members of the varsity baseball team who have played as much as five innings per game in one-half of the scheduled games; or a baseball pitcher who has pitched forty-five innings in scheduled games. c. Members of the varsity basketball team who have played one-half a game in each of the scheduled games. d. Members of the varsity track team winning first place in a dual meet, or in any other meet where three or more colleges are competing. e. Members of the varsity tennis team playing in one-half the tournaments of the year.

2. The football "M" shall be an eight-inch block "M," the basketball "M" a six-inch block "M"; the girls' basketball "M" a five-inch block "M" with wings attached, the tennis "M" shall be a script "M"; a standard four-inch block "M" shall be awarded to point winners in the minor sports.

3. All members of the second football, baseball, or basketball teams may wear the Maryville Monogram.

4. No other students shall wear either the "M" or Maryville Monogram.

Any letter or monogram won by a student at another school must not be worn while the student is enrolled at Maryville.

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with the point system has been adopted. This gives every girl an equal chance to participate in every sport and a chance to win the coveted monogram, the small letter or the large letter and sweater.

The honors are awarded as follows: 300 points, Maryville Monogram M. C.; 400 points, small letter M; 500 points, letter and sweater.

Points shall be earned as follows:

A. Teams. 50 points each team.

Class teams—

1. Basketball..... 6 players team
2. Soccer.....11 players team
3. Volleyball..... 9 players team
4. Baseball..... 9 players team
5. Tennis..... 6 players team

Squad of any team sport, 20 points.
Manager of any team sport, 15 points.
Captain of any team sport, 10 points.
Coach squad (basketball), 15 points.
Perfect attendance, 10 points.

B. Tests.

1. Swimming: Limit, 50.
2. Stunts: Limit, 25.
3. Archery: Limit, 50.
4. Track: Limit, 50.
5. Hiking: Limit, 50.

C. Scholarship.

1. An "A" average in academic work for any semester, 20% of points won in addition.
2. A "B" average adds 10% of points won.

D. Health.

1. Observing health rules for one semester, 25 points. Two semesters, 50 points.

BOOK VI

SONGS

YELLS

SCHEDULES

SONGS

Alma Mater

Where Chilhowee's lofty mountains,
Pierce the southern blue,
Proudly stands our Alma Mater,
Noble, grand, and true.

Chorus:

Orange, garnet, float forever,
Ensign of our hill!
Hail to thee, our Alma Mater!
Hail to Maryville.

As thy hilltop crowned with cedars
Ever green appears;
So thy memory fresh shall linger
Through life's smiles and tears.

Chorus

Lift the chorus, wake the echoes,
Make the welkin ring!
Hail the queen of all the highlands!
Loud her praises sing.

Chorus

Don't forget to stand with uncovered head while the Alma Mater is being sung.

Dear Old Maryville

I

Near Chilhowee's mountain blue,
Stands our Alma Mater true.
  Dear old Maryville, to thee we lift
    our song.
'Neath thy cedar grove so fair,
We shall breathe the mountain air,
  While with merry hearts the chorus
    we prolong.

Chorus:

Sing we a song of our dear college
    home.
  Fondly we love thee still,
And where ever we may be,
Fond mem'ry turns to thee,
  Our Alma Mater, dear old Maryville.

II

As the morning sunbeams' light
Greets over Chilhowee's height,
  So our tribute, we as freely to thee
    bring.
Youth's free homage full and free,
We thus gladly render thee,
  Dear old Maryville, thy praise we
    freely sing.

III

To thee, guardian of our youth,
Faithful guide to light and truth,
  We, thy children, bring our songs of
    grateful praise.
And when we shall leave thy hill,
We shall ne'er forget thee still,
  Dear old Maryville, the scene of hap-
    py days.

The Old Pep Song

We've got the rep, rep, rep, of old Maryville!
We've got the pep, pep, pep, of old College Hill!
We've got the strength to knock 'em stiff
And never know the diff,
For we're from Maryville of Tennessee.

The New Pep Song

Here we go! Here we go!
Down the field to crush the foe,
As the Scotties go marching along.
Men of might! Men of fight!
Orange, garnet, waving bright
While we make the Hill merry with song.
Then it's hi, hi, hi,
We'll win this game or die.
Highlanders! Fight to the end.
Rah! Rah!
And we won't be done
Until the victory's won
For the pride of our hearts—Maryville!

YELLS

Howee—How

SIX-DAY WEEK

At last we have it. Beginning with this year Maryville College classes will be extended over six days of the week instead of five, as formerly arranged.

The five-day week has many disadvantages. The ideal situation, which is to have the classes of each course meet every other day, was impossible under the old system. A student with a fairly heavy schedule was necessarily crowded for time, and attending class until three o'clock on Saturday was almost inevitable.

Under the new system, each student will have a fair amount of free time every day. Nearly all classes in each subject will meet on alternating days, and no classes will meet after 11:15 on Saturday.

Following is the tentative schedule:

	M.	T.	W.	Th.	F.	S.
8:10- 8:30		Ch		Ch	Ch	Ch
8:30- 9:25	A	a	Ch	a	A	a
9:25-10:20	b	B	b	B	b	
10:20-11:15		c	C	c	C	c
11:15-12:10	d	D	d	D	d	
1:10- 2:05	E	e	E	e	e	
2:05- 3:00	f	F	f	F	f

PLAY THE GAME

There's a breathless hush in the Close tonight—
Ten to make and the match to win—
A bumping pitch and a blinding light,
An hour to play and the last man in.
And it's not for the sake of a ribboned coat
Or the selfish hope of a season's fame,
But his Captain's hand on his shoulder smote;
"Play up! Play up! And play the game!"

The sand of the desert is sodden red—
Red with the wreck of a square that broke;
The Gatling's jammed and the colonel dead,
And the regiment's blind with dust and smoke.
The river of death has brimmed his banks,
And England's far and Honor a name,
But the voice of a schoolboy rallies the ranks,
"Play up! Play up! And play the game!"

This is the word that year by year,
While in her place the School is set,
Every one of her sons must hear,
And none that hears it dare forget.
This they all with joyful mind
Bear through life like a torch in flame,
And falling, fling to the host behind—
"Play up! Play up! And play the game!"

—Henry Newbolt.
